Reasons for comment:	
Comments:	Amongst many issues, this development would virtually join the villages of Meopham and Sole Street together. This quantity of new builds would cause massive harm to the rural qualities of the part of Kent. Local infrastructure, including NHS services and schools would be greatly impacted. The increase in traffic, including delivery, service vehicles, and construction vehicles over several years will add to the already congested A227. Any problems on this road leads to huge congestion with big overspill to Sole Street and Cobham and these local roads are just not man enough to cope at the moment let alone with over 700 new homes.

Kind regards
