Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The size of proposed housing on this site is going to put a huge strain on local roads and more traffic through Sole Street and Close bean Village which is a nightmare in a morning as it is. There's poor water flow in the area with the current housing. Adding 769 properties only going to make this worse. Meopham and Sole Street will come one ad what is valued by all villagers as a village already verging on busy will become unworkable between the hours of mid morning and late afternoon. Local infrastructure needs to be addressed but without installing new roads in and out it's going to be grid locked adding to pollution from static vehicles to all the houses ina nd around the proposed site. Invest to this proposal with this high numbers that are being planned.

Kind regards
