Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to this planning application because building all these houses would urbanise the area and it would no longer be known as a village. The GP surgeries and the one hospital is at full capacity and cannot cope. The narrow village roads aren't built for all the extra traffic the development would generate. This would make it a safety hazard for pedestrians, especially children and the elderly. This development would cause the loss of a large part of the green belt and would heavily impact wildlife and the environment. Flooding and the drains are already a big issue due to not having sufficient drainage and would therefore lead to more flooding.

Kind regards
