Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the proposed development, which would destroy greenbelt and increase urbanisation of rural Kent to the detriment of wildlife. Many acres of the best agricultural land in the village would be lost together with landscapes of great value. The development would increase congestion on already crowded roads and increase the pressure on water supplies and drainage and would doubtless increase noise pollution and light pollution. And it would adversely affect the mental health of many existing residents.

Kind regards
