Dear Martin

Re: Planning Application

I write in support of the forthcoming planning application to build an extension to The Meopham Veterinary Hospital.

Ward Security have been a client of Meopham Vets for approximately 15 years and I have worked for Ward Security Limited heading up the Canine Division, for the past 11 years dealing regularly with The Meopham Veterinary Practice.

Ward Security Limited now have in excess of 60 dogs of various breeds and ages. We have always found Meopham Vets very supportive and helpful regarding all our veterinary needs. I feel that this proposed extension will add to the already professional service provided by the team at Meopham Vets.

I have no hesitation in supporting their application.

Yours sincerely

Alastair Tod
Canine Director
