Reasons for comment:

Comments:	This planning permission request is very much in line with other planning permission requests that have been refused over the passed few years for the same site. If permission were to be given for these 8 proposed homes, it would set a precedent for further expansion into a greater part of the already fenced off area of land. The existing fences and the installation of the 8 proposed homes would contrast with the surrounding area of fields and paddocks and would be out of keeping with the surrounding area. Given the damage that the owners of the land have already caused to mature trees in White Post Lane bringing in the existing homes, how much more damage would they cause if permission was given. Would this extension of development have any restrictions to any business connections and hence the type of vehicle that would be used to access it. Whitepost lane is not suitable for frequent use of larger heavy vehicles. Despite the tall fences that have recently been erected, the already installed dwellings are visible from the road.
