

No responsibility will be taken by Edgington Architectural Services Ltd where clients and/or builders or persons proceed with the project without the inspection services of Edgington Architectural Services Ltd, or who carry out works being deviations, variations, or who may guess, interpret, instruct without Edgington Architectural Services Ltd authority or who depart from the information as shown upon the said drawing.

No claim will be entertained for demolition, alteration or making good of any work which may be required by Edgington Architectural Services Ltd resulting from the contractors failure to advise of any such discrepancies.

This architectural section drawing illustrates a building facade with a series of horizontal lines representing a wall or ceiling. A dark, rectangular window is positioned in the lower right section. To the left, a vertical rectangular element, possibly a door or a narrow window, is shown. The drawing uses hatching and solid black areas to define different materials and structural components. Three horizontal lines on the right side indicate specific levels or heights within the section.
