Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object in the strongest possible terms to this green belt development. The development will cause great harm to the natural environment - as it is on the edge of the Kent Downs AONB it needs to remain a protected space to preserve wildlife habitats and landscapes. It will end the status of Sole Street as a separate village as it becomes a conurbation with Meopham. In terms of infrastructure, roads and services (especially primary healthcare) are at their carrying capacity. Pollution, light, noise and air, will become a major problem. The railway services to London have no extra capacity for commuters in the development. Finally there will be a further impact to flooding on Norwood Lane, a road already suffering flooding

Kind regards
