Reasons for comment:	
Comments:	I understand the plans relate to a fast food chain refurbishing this building. We have a growing obesity issue and opening a fast food restaurant so close to a secondary school will only promote unhealthy eating, it will also lead to an increase in litter and traffic on a road which is already heavily congested. If such a place is to open, surely it would be more appropriate to be situated where the derelict tollgate building is - this will mean cars travelling to Kent have a pit stop, toilet facilities etc which is needed - the only other place is Gillingham. This would mean the traffic stays off the local road and would be better for the local environment. It would also be more profitable for the fast food chain. There still is the issue of obesity and rubbish - something the government needs to tackle on a more serious and national scale!

Kind regards
