

28 June 2024

To

Ms Amanda Cue (Planning department).

Ref : Planning application NO: 20240464

I would like to object against this application for the following reasons:

- 1) This is in a greenbelt area and therefore planning shouldn't be allowed
- 2) The area & land is of natural beauty and therefore, if planning is allowed it will result in trees being cut down & will ruin the woodland.
- 3) If planning is allowed, this will set a precedent for other surrounding pieces of land, which may have had their planning application rejected previously, but will now probably get approved.
