Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this proposal. Many much smaller and less impactful applications throughout the village have been declined due to the impact on the openness of the green belt. To allow this application to proceed would set a precedent in the area and lead to over development in a rural area. The immediate area already suffers from parking issues particularly from the SeeHo which is directly adjacent. The proposal would add to traffic and parking issues. The development is not in keeping with the village and is likely to be over developed as is typical of such applications if it were granted.

Kind regards
