Reasons for comment:	
Comments:	I strongly support this application. It's walking distance and I know a lot of families who can use this because it's easily accessible for them. The charity are looking to help the youth, providing new skills and support to find employment. This is really important for the local community to make it easier for young adults to find jobs, and do better for themselves financially. We need more of these organisations to make gravesend a better place for us all to live in - it's important that the council support these initiatives as this can only be good for gravesend and I'm looking forward to using the facilities on a regular basis.

Kind regards
