Reasons for comment:

Comments:	I am giving my support for the application to convert the pub into an Academy and place of worship. As a local businessman who was born in Gravesend and have children born in gravesend I have benefited from the religious support provided by this organization. I also hope my children will benefit from this academy as well as other children. Having something so close to the town center is very important for a lot of us Muslims who settled in this area over the last 40-50 years many local Muslims, including Uber drivers, Deliveroo food drivers, and other professionals , have to drive to other mosques, which contributes to the extremely bad traffic for Friday prayers. This new center would help that issue by providing a local option within walking distance and also be easier for non Muslims to go about their daily lives. We want to live in a town that accommodates for all faiths and people. There are many pubs within the local area, I believe there are 3 within a few minutes walk and maybe 6-8 within a mile radius and therefore this closure will not be a loss to the local community who use these pubs . The growing Muslim community here deserves the same opportunities and facilities as others.
