Reasons for comment:

Comments:	I am strongly in favour of this proposal, having read through the design & access statement, I can clearly see how this would help our local community. Gravesend is in dire need of community projects like this, and I think the location is perfect as it's in close proximity to the town centre, and walking distance from so many hundreds of people who can use its services. I especially think it's easily accessible and an excellent outlet for youth, elderly, and vulnerable to use the facilities and services that Al Haqq Academy will provide. There are at least 3 car parks within walking distance, it's in a perfect location being in the centre of town where people can easily park and walk to the location. I'm hoping that the council will support this organisation and work together with it to make gravesend a better place for us all to live in, with better community cohesion and imperative services like the food-bank that Al Haqq will provide.
