Reasons for comment:	
Comments:	The land down this road is being taken over by so called travelling communities. They are seeking permission to change use of land but have already tarmaced over the area plotting out areas for mobile homes. A number of caravans have already moved onto the land. All this without any permission. The land is a substantial plot that no doubt will allow a lot more than the 8 caravans requested we live in a small community and pay a premium to live in the country side however this is being reduced by the council allowing the travellers to move on to the land with total disrespect for the rules, the country side and wild life. They have already destroyed a number of trees in white post lane, there is more waste being left by the road side or burnt on the sites. People out walking have been threatened. where is the provision for water, waste and electricity. The council seem to be bending over backwards with no consideration for the local community or any laws that should be enforced. This situation should never have been allowed to develop the council are at fault for not doing there job and allowing the travellers to take over this small community

Kind regards
