Reasons for comment:

Comments:	<p>It will be dangerous on the road with possibly an extra 240 cars pulling out into longfield road.</p> <p>Helen Allison school is adjacent to the site and the disruption that building work and houses could cause these SEN pupils, who need a calm low noise environment, will negatively impact these very vulnerable children.</p> <p>The land is high grade agricultural which has been farmed for centuries and contributes to food production.</p> <p>Longfield road is constantly in use by heavy vehicles and is quite narrow with residents cars parked either side and gets highly congested during school start and finish times.</p> <p>Infrastructure in Meopham including doctors and nhs services is already under extreme pressure which will get worse with more residents.</p>
