Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>This is a green belt area and next to two schools. One in particular is for children on the Autistic Spectrum, the noise and disruption plus change to the environment will have a severe impact on the lives of many of the pupils. The traffic in this road is already heavy and the addition of more houses and cars will have a detrimental impact.</p> <p>The flora and fauna of the area will also be impacted, once habitats are removed we will lose many species. The green belt was intended to surround London to preserve the natural environment for all - London residents included. The council are responsible for preserving this precious resource for generations to come. Do not let it be destroyed when builders can use brownfield sites instead.</p>

Kind regards
