## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to Planning Ref. 20251116 due to the serious safety and environmental concerns posed by the proposed development west of Norwood Lane. The plan for 150 houses would introduce potentially 300 additional cars, plus delivery and service vehicles, onto what is essentially a very narrow rural lane, creating a dangerous access point and significantly increasing traffic risk. The site consists of high-grade farmland that actively contributes to local food production, and its loss would undermine the sustainability of our food supply at a time when reliance on imports is already a growing concern. For these reasons, the proposed development is inappropriate for this location and would have a damaging impact on both the local community and agricultural land.

Kind regards
