

20230470 - St Mildred's Church, Nurstead Church Lane, Meopham

KCC Heritage 12 June 2023

Thank you for your email. The Written Scheme of Investigation for the archaeological watching brief by CAT at St Mildred's is appropriate and can be formally approved so that development can commence. It would, however, be preferable if the planning condition was not discharged in full until completion of the works and the submission of report on the findings.

I hope that this is helpful and would be happy to discuss further.
