Reasons for comment:

Comments:	Dear Lisa Fisher, Several neighbours have mentioned the potential of overlooking arising from the new three storey office building as outlined. I note the Landscape Concept Plan referred to in the Design and Access Statement includes a proposal of a garden containing native plants which is welcome. I note also no additional tree planting to the existing soft landscape mound/bank along the site southern perimeter towards the existing residential areas to the south. I therefore propose additional native tree planting to overcome the overlooking and lighting issues with an appropriate planning condition. Yours sincerely [REDACTED]
