## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I strongly object to the proposed development in this area. The plans are unsuitable and unsustainable for our village, and will place an unacceptable strain on the environment and local infrastructure.</p> <ul style="list-style-type: none"><li>- Environmental impact: The development would lead to the loss of green space and natural habitat, permanently changing the character of the village and damaging the local environment. Increased traffic will also add to pollution and noise levels.</li><li>- Schools and healthcare: Local schools and doctors' surgeries are already at full capacity. Additional housing will increase pressure on these essential services, making it harder for existing residents to access the education and healthcare they need.</li><li>- Infrastructure and character of the area: This is a village, not a town. The proposed development is out of proportion, would alter the rural character, and risks turning the area into something it was never intended to be. The infrastructure - roads, parking, drainage, and community facilities - cannot support this scale of growth.</li></ul> <p>For these reasons, I believe the development is inappropriate and should not go ahead.</p>
