Dear Amanda

**Re: 20250639 - Phase 1B Harbour Village, Hive Lane, Northfleet, Gravesend
Kent**

**Application for the approval of condition 19 attached to planning reference
number 20220078 the submission of a piling risk assessment.**

Thank you for consulting us on this application.

The area of the proposed piling (as shown on Dwg No. 1803/05/4011 – Phase 1B Vibro Foundation General Arrangement) has been subject to archaeological field work to mitigate potential direct development impacts, including piling in this area and also in relation to preserved heritage remains nearby. As such I would be happy for the submitted details pursuant to Condition 19 of 20220078 to be approved in respect of archaeological matters.

Yours sincerely
