Reasons for comment:	
Comments:	With ref to planning no. 20260207 I am very concerned re the new plans for Norwood Lane/Camer Road and a further 725 new homes planned for Meopham village. Firstly due to this area being 'Greenbelt' and not 'Greybelt' and preserving the wildlife and character of the village. This will make a total of 3 sites in the Meopham area with new housing. The infrastructure re traffic around Meopham, Istead Rise and Culverstone would be terrible also increasing pollution. The roads in this area are not made for the amount of vehicles it would generate (as well as two other new sites for housing in Meopham). My husband and I went on a bus journey to Bluewater (which is close to Meopham) recently due to operations and both being unable to drive and on the journey there were so many new houses being built and already built with lovely new roads already made to cope with all the extra traffic and there is a lot more open space there for even more houses rather than cramming them into such a small area, so why would you build on Greenbelt village with no infrastructure - this baffles us!

Kind regards
