Reasons for comment:	
Comments:	This application has been brought to the attention of my family, friends and I. We are very familiar with the area as we have grown up in the near by village and we walk here with our walking group/friends/family regularly using the public rights of way and with our family dog. Our comments regarding this the application relate largely to the very obvious location where it would be the dominant feature in the landscape, especially as it is at the top of the hill. Could the applicant not bring themselves to put it out of plain sight and locate it out of everyone's sightline? The application should be rejected.

Kind regards
