Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	A development of this size in this area will have a harmful impact to the surrounding area 1) loss of wildlife habitat and farm land which is currently planted and harvested on an annual basis 2) Increased congestion, pollution and traffic in a semi rural setting, particularly construction vehicles gaining access to site through a residential road 3) Increased pressure on the local hospital and GP practise which has already stated that its a capacity 4) Plan does not benefit the needs of the local residents 5) There is already a lack of public transport in the area, meaning additional housing will simply add to the traffic flow in an already over-crowded environment.

Kind regards
