Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application due to its severe impact on local arboriculture. The proposal requires the removal of hedgerow habitats for wild life and insects on all boundaries. These trees provide significant visual amenity to the area and act as a vital green buffer. There will also be an increase in local traffic and more pressure on local facilities i.e. schools, shops, water and other household services.

Kind regards
