Reasons for comment:

Comments: My parents have lived on the road for over 50 years and I have noticed a huge increase in parking issues over the last few years. My elderly father refuses to move his car as there is never any parking available. With another HMO and potentially 6 more cars on the road the situation will get worse. There are a number of properties on the road that have been turned into hmos, increasing anti social behaviour and no parking for residents. The builders have already started taking away many of the original features of the property and it will lose its charm and character. Also affecting the value of other properties in the road. I would like to move and know that I would not want to move my family into a road which is full of HMO properties.

Kind regards
