Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Change of use is not in keeping with the area, bringing both visual, ecological and environmental damage to the site. The land is understood to be protected green belt. There are no dedicated utilities servicing the site so waste including effluent would build up, as well as other domestic waste, equating to continuous fly tipping. An increase in theft has already been noticed since the arrival of the new residents on this site. Extensive damage has already been carried out to the site and the surrounding environs since the illegal residents to this site.

Kind regards
