Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Objection on the grounds of the disregard to the local area, wildlife, habitat, other neighbours land during the course of the installation of the dwellings to which this application relates. A concern would also be the precedent being set should this application be approved. This area has a welcoming community, however when taking into consideration the scale of the destruction which was witnessed, and can still be seen, it is necessary to raise concerns. I would also point out that the new building(s) can be seen from a considerable distance from the fields towards Norwood Lane in Meopham. This cannot go unmentioned as it's a significant change to the landscape.

Kind regards
