Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	If this is going to be a hmo - what guarantees have we got about the people that are going to be put in there - when you look at the news most of these imagrants have no respect for women and my house backs straight on to this hmo - if anything happens to me and my family I will hold the council responsible as you have allowed this knowing what these people are about - when are you going to arrange a meeting to speak to local residents ??? As this will affect my quality of life and my mental health - somebody needs to speak to the people who are going to have to put up with these sort of people ???

Kind regards
