Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to formally object to The above planning application I am concerned about the Severe impact this scheme will Have on our community, our local environment and existing Infrastructure. The development is proposed on Green belt farm land. Loss of this space will have a permanent irreversible Impact on the local landscape, and Wildlife habitats There will be extra traffic Through Istead Rise. There is only one Primary School and one doctors surgery which will obviously add extra Pressure to these services.
