Description of Proposed Works

Please describe the proposed works

I have just moved to this property on 9th June 2023. I wish to replace the current oil powered central heating system with a new air source heat pump. The property already has one air source heat pump which is used to heat the swimming pool. I understand that I must seek planning permission for a 2nd heat pump to be installed. This will involve siting a new pump at least 1 meter from the property boundary and within 10 meters to my house. A trench will be dug to house the pipework.

Has the work already been started without consent?

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
