| Commenter Type: | Neighbour |
| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | |
| Comments: | I feel this development is the thin edge of a wedge building on green belt land. I am totally against green belt development. If this gets approved then this is a green light to build on other green belt land and before we know housing will be permitted on other land between Culverstone and Meopham. |
| | I am concerned that this has been proposed without public consultation and asking the local people about their views. Today is the first time it has been brought to my attention and I believe this closes in a few days time. |
| | The additional traffic involved in the construction and disruption to local residents is concerning. |
| | I have concerns this will putting more strain on local services such as GP and schools. |

Kind regards
